Board Appointment Is Given Approval

Supt. A. Keim Reveals Leave Benefit Plan

Teachers Cumulative Benefit Is First In State

Albany Superintendent of Schools, Allen Keim this week revealed a report and recommendation which, following its adoption at the Tuesday night session of the Albany Board of Education, is the first plan in the State by which school employees will receive accumulative sick leave benefits.

The recommendation, as presented by Keim, will give teachers five days a year for sick leave with an accumulation possibility of 20 days if no absences are recorded during the four-year limit.

Applying also to non-certified employees or school custodians, the plan grants them nine days a year, with an accumulation possibility of 27 days.

In his report Keim stated that he believes every school system should have a liberal policy with reference to the sick benefit leave of absence. "I favor," he said, "a plan with five days of sick leave with an accumulation possibility of 20 days, and a system that is fair to all concerned."

"When a certificated employee of the Albany Public Schools is absent on account of illness, he shall receive his full salary for the first five days of such absence. At the end of the school year, any unused sick leave time shall be cumulative and carried over to the following school year. However, all sick leave whether annual or cumulative shall be used for sick leave purposes only."

According to reports, no other school district in the State gives its employees accumulative sick leave benefits. However, it was said, Oakland is considering adoption of a similar plan to that proposed Tuesday evening by Keim.

Warren Says Teasdale Is Legally "In"

Board Takes Bids for High School 4th Division

Answering a request made last week by a Board member, Alameda County District Attorney Earl Warren Tuesday night rendered an affirmative decision on the legality of the appointment of Walter Teasdale to the Albany Board of Education.

Question of the validity of Teasdale's appointment arose last week when a quorum of three Board members voted two to one to name Teasdale as fifth member of the Board of Education. Due to a misinterpretation of two clauses of the School section of the City charter, District Attorney Warren was asked to interpret the clauses.

Warren stated that in his opinion "in any meeting of the Board legally called, action taken by the Board would constitute a legal appointment of a Board member to fill an existing vacancy."

Interpretation of the clauses was based on decisions handed down by the State Supreme and Appeal Courts.

Bids for the construction of a fourth unit to the Albany High School were opened Tuesday night during the monthly session of the Albany Board of Education.

Albany May Get
Toy Loan Center
Toys for the asking!
Like a 365-day a year Santa Claus, toy loan centers for children of Alameda County loomed on the horizon as the fall opening of school approached, no longer a rumor or an idea.
With the opening of school, the metropolitan Oakland area will be combed for locations for toy loan centers where children may go to borrow a toy for from seven to 14 days without rental charges, or obligations of any sort.
Already received with great success in Los Angeles and New York, the Oakland toy centers were brought about through the efforts of L. B. Hewetson of Albany, who was recently named supervisor of the WPA sponsored project.
Planning to install a toy loan center in Albany, Hewetson recently appeared before the City Council at the invitation of Councilman Batchelder, explaining the project and asking for sponsorship.
With plans to place a loan center in Albany as soon as finances and toy donations allow, Hewetson has gone forward with his plan in Oakland, arranging for 10 centers by the time school opens, with each center officially sponsored by the Oakland public schools, co-operating with the works progress administration.
Endorsing the plan at 10 organizations representing all religions, political and charity affiliations who have combined to donate toys and funds.
Unlike many similar projects, the toy loan center plan is simple. Worn and discarded toys of all kinds are collected and taken to the workshop at Durant school where workers renovate the toys and sterilize them. When on display at the centers, children may

Soft Ball League Starts
The fall session of the Alameda Contra Costa County girls soft ball league will begin play at James Kenny Park, Thursday, August 18, at 7:20 p. m. The league is one of the best set up for girls soft ball, with new teams entered in place of some of the teams who forfeited their games. The league will be one of the strongest of its kind in the Eastbay.
New teams in the league are: Spaulding 39'ers, Chapel of the Oaks, Berkeley Recreation Leaders and the University Park Girls.
The Albany Zephyrette's have been strengthened and will be one of the teams to become a stumbling block to contenders. The Spaulding 39'ers, boasting the pick of the Eastbay soft ball players, have lost only one game this year, and have two of the fastest pitchers in the league, Spaulding's Chinese ace, Gwen "The Great" Wong, and Maxine Grallo, strike out Queen.
Chapel of the Oaks Team is considered one of the flashiest teams in the Bay area, and also boasts one of the fastest pitchers in the game. The Berkeley Recreation Leaders though having a good team, are not well enough known as yet, but reports have been received that the team will not be a push over for any one, and have Alta Huber on the mound for them.
Frank Spenger Grotto's are the "dark horse" in the league, having acquired some new players, and having Ike Collins on the mound is plenty of trouble for any team.
The league was organized under the direction of Tal Wiley Recreation Leader at the Albany Y. And who is in turn sponsored by the Federal Recreation Project, thru the Albany Recreation Department.
Boys League
Albany boys 16 years and under, now have an opportunity to play base ball in league competition. The team is being organized by Tal Wiley Recreation leader at the Albany Y, and sponsored by the Federal Recreation project. Though the boys have been playing in another division of the league sponsored by the Golden Grains Cereal Company. They have now been banded into one unit, and will be one of the best independent base ball teams in this age limit in the league.
In a practice game last Saturday the boys were pitted against the San Francisco Earls, emerging the winner by a 6-1 score. The team holds a practice session every Tuesday and Thursday afternoon at University Park, at 2:30 P. M. Any boy interested in playing base ball can do so by registering at the Y, or by going to the park on the practice days.

With a decrease in district taxes of \$577,777 shown, Alameda County school district this week completed filing of 1938-39 school budgets with County Superintendent of School, Edgar E. Muller.
Reports from Muller's offices showed a total proposed expenditure of \$12,057,333, exclusive of bond interest and redemptions. Total district taxes required to meet these proposed expenditures total \$5,246,420.
Amount necessary for the 1937-38 school year raised by district taxes and redemptions was \$5,834, or over \$500,000 less than allotment.
